BATALLION FRENCH SOLDIERS IN MUTINY

Leave Their Barracks to Join Insurgent Winegrowers.

MUTINEERS NUMBER 400 MEN.

This Momentous Defection of Troops With Reports of Other Mutinous Eruptions Causes the Gravest Concern.

Paris, June 22.—A battalion of the Seventeenth infantry regiment, stationed at Agde, in the department of Herault, has deserted with its arms and ammunition and joined the insurgent wine growers at Beziers, the headquarters of the regiment.

The mutineers, who mostly were recruited among the wine growers, number about four hundred men. They marched into Beziers, which has about 50,000 inhabitants, with drums beating and colors flying, and are now camped in the principal square of that city with stacked arms. The deserters tried to enlist the sympathies of the remainder.

The mutineers, although without officers, marched into Beziers in perfect order Friday morning, the cheering of the local crowds mingling with the rolling of the drums and the strains of the bugles. After stacking arms, the deserters announced their intention to remain on the square until allowed to re-occupy their barracks, from whence they recently transferred.

The people gave the mutineers a warm welcome and furnished them with ample supplies of straw upon which the tired soldiers threw themselves after stationing pickets and proclaiming their determination to defend their lives in the event of being attacked.

Caused Grave Concern.

The news of this momentous defection of troops together with reports of other mutinous eruptions at various points in the revolting provinces, reached the government Friday morning and caused the gravest concern.

Premier Clemenceau immediately summoned a cabinet meeting. At the ministry of the interior at noon inquirers were informed that the reports from Narbonne and Montpelier showed that both cities were comparatively quiet. Friday morning it was announced that the government's watchword remained "The law must reign."

Interior Minister Briand indignantly denied the rumors that he has resigned. He said he was not such a coward as to desert his colleagues in the present circumstances.

Early Friday afternoon the sub-prefect of Beziers notified Premier Clemenceau that the mutineers had offered to return to Agde on the condition that they would not be punished. A little later they renewed their demand to be allowed to re-occupy their barracks at Beziers. M. Clemenceau curtly replied that he refused to parley with deserters or consider any proposition but unconditional surrender, adding that he was determined to utilize all the government's forces if necessary in order to suppress the uprising.

Details of Mutiny.

Details of the mutiny show that a battalion of the Seventeenth infantry regiment sent from Beziers to Agde on account of the soldiers' sympathy with the local winegrowers, mutinied there Fridayy morning, raided the magazine, filled their pouches with cartridges, and fixed bayonets, and with flags flying, marched out of Agde and entered Beziers. When notified of the mutiny, General Croissade, commanding part of the First brigade, met the mutineers at Villeneuve and attempted to persuade them to return to duty.

"Soldiers," he commanded, "kill me or obey me." The soldiers replied that they had no desire to kill the general, but refused to return.

A detachment of gendarmes tried to bar the roads but after the mutineers had fired a volley in the air they were permitted to pass.

KILLED HIMSELF IN BATH ROOM.

Prominent Business Man of Macon Takes His Life.

Macon, Ga., June 22.—N. B. Corbin, vice president of the Exchange bank, general manager of the Macon Grocery company, wholesale; director of the Macon Chamber of Commerce; director of the Central Manufacturing company, and a recent vice president of the Southern Wholesale Grocers' association, committed suicide by shooting himself with a shotgun at the beautiful family home on Vineville avenue. Without a word from him or any note expressing his intentions he dressed as usual and was apparently engaged about his morning duties when he seized the implement of death and entering the bath room, fired the fatal shot.

Members of the family were about their duties, and Mrs. Corbin and her two daughters, Mrs. Stone and Miss Maggie Corbin, were the only persons remaining in the house when the report of the gun attracted their attention. When they rushed into the bath room they found Mr. Corbin gasping in death.

Dr. M. A. Clarke, the family physician, was summoned, and it took the merest examination to reveal that the aim of the victim had been sure. He lasted only a few moments after the shot was fired.

Although there was not one particle of information to be gathered even by members of the family as to why Mr. Corbin shot himself, it can safely be attributed to failing health and consequent mental derangement.

EIGHT FIREMEN INJURED.

Burning Porch in an Atlanta Fire Fell With Them.

Atlanta, June 22.—Fireman G. W. Waits, of No. 7 company, was probably fatally injured, and seven others seriously hurt Friday morning at 3 o'clock, when the porch of the burning residence of T. C. West, in West End, fell in.

Five of the injured men were on the roof of the porch when it fell, while three men were under it. Assistant Chief Henry P. Haney saved himself by catching at the side of the house with one hand and swinging until rescued. One hand was burned.

The injured men are G. W. Waits, probably fatally injured; Cliff A. Smith, Assistant Chief Henry Haney, F. F. Anderson, Jonah Hobson, John Rozetti, Captain W. H. Close, J. P. Leak.

Fireman Waits, the worst injured, was sent to the Grady hospital. His spine is injured, and he is believed to be in a dangerous condition.

The other injured men were sent to their homes. None of them are believed to be dangerously hurt.

Big Victory for Prohibition.

Cartersville, Ga., June 22.—By a vote of almost twenty to one, Bartow county Thursday declared that this county will join the ranks of the prohibition counties of Georgia. The consolidated vote of the county was 1,715 against the sale of whisky, and 94 for the sale of whisky. With flags and banners flying, and with women and children singing and praying upon the streets, and at the polls, the prohibition people of Cartersville and Bartow county administered this stinging blow against the liquor traffic.

Flames Destroy Large Saw Mill.

Mobile, Ala., June 22.—The saw mill of the extensive plant of the K. C. Lumber Company at Lucedale, Miss., was destroyed by fire Thursday entailing a loss of $70,000, partly covered by insurance. The mill had a capacity of 100,000 feet daily. The big planing mill of the plant was saved, but a large quantity of lumber was destroyed. The town of Lucedale, 40 miles from Mobile, was brought into existence by the mill, and it will suffer through the large number thrown out of employment.

Among the killed was Prince Pescara, a member of the Italian nobility, and related to the Spanish royal house, on account of whose death the aristocracy of the whole of lower Italy will be in mourning.

DID THESE GIRLS SUICIDE?

Two Sisters Drowned in Lake in Lincoln Park, Chicago.

Chicago, June 22.—The body of Emma Ponteus, ten years old, was taken from the lake in Lincoln park on Thursday night and her elder sister, Clara, 12 years old, is missing.

The parents of the children think one of the girls fell into the water and that the other was drowned in a heroic effort to save her sister.

Mrs. Patrick Ponteus, grandmother of the girls, told the police that she believed that they had committed suicide, because they had been ill-treated.

Both girls had gone to Lincoln park after school, and were last seen by Clarence, a twin brother of Clara, near the high bridge.

Charles Ponteus, the father, is a machinist. The mother of the two girls and the boy died four years ago and the father married his present wife two years ago.

Passenger Train Runs Into Freight. Fireman Probably Fatally Hurt.

Huntsville, Ala., June 22.—Passenger train No. 11 of the Southern railway, ran into the rear end of a freight train, No. 51, Friday morning in the rock cut west of Huntsville.

Fireman John Clark was probably fatally injured and Engineer White was slightly hurt.

The line was blocked for 18 hours.

Hanging Was Bungling Job.

Birmingham, Ala., June 22.—A special to the News from Mobile says that Willis McClelland, a negro, was hanged in the county jail yard early Friday morning for the murder of Michael McGovern, an aged white man. McClelland confessed, despite denials made Thursday. The hanging was a bungling job, McClelland strangling to death in 14 minutes.

Constantinople, June 22.—The porte has addressed a communication to the American embassy here giving satisfaction in the case of the last outstanding question between the embassy and the porte and thus removing the final obstacle in the way of America's adhesion to the three per cent customs increase, which will follow in the course of a day or two.

ANTI-SALOON SENTIMENTS.

May Be Injected in Platforms of Both Great Political Parties.

Atlantic City, N. J., June 22—Injection of anti-saloon sentiments into the platform of both great political parties in the next national campaign was predicted at Thursday night's sessions of the National Wholesale Liquor Dealers' association convention in this city.

Call was made for the federation of liquor interests in the United States, not only to meet the present prohibition agitation, but to prepare to check the movement in the presidential convention of 1908, speakers declaring that the growth of the crusades against liquor will force the party leaders to recognize the necessity of placing some "platform doctrine," dealing with the subject, before the people at the coming election.

These officers were elected:

President, George F. Diertle, of Cincinnati, O.; first vice president, William M. Murphy, of Chicago;; second vice president, E. V. Dougherty, of Philadelphia; treasurer, Ephriam Bryce, of Philadelphia; secretary, David Stauber, of Cincinnati, Ohio.

PLANS FULLY PREPARED.

No General Strike, but Kind of Guerrilla Warfare, Say Telegraphers.

San Francisco, June 22.—President Sam Small, of the Commercial Telgraphers' union, after a meeting of the local union Thursday night, said:

"Our plans are fully prepared and we will carry the fight to the halls of congress before we are through. We do not intend to declare a general strike throughout the countryy, but we will carry on a guerrilla warfare which will continue until we secure justice and consideration. We will call a series of local strikes in the various cities of the country which will paralyze traffic. We intend to continue this fight until congress meets, when we propose to place the whole matter in the hands of the lawmakers."

There is some uncertainty whether or not the Postal Telegraph company will be involved in the local controversy. The sentiment here is that it will not be concerned in the trouble.

Alabama Woman Kills Another.

Sylacauga, Ala., June 22.—A pistol in the hands of Mrs. D. S. Stanley, a widow aged 45 years, residing in the cotton mill quarters, was discharged Thursday and as the result Mrs. Emma Reeves, aged 26 years, was fatally wounded in the abdomen, dying thirty minutes later. The statement is made that the shooting was accidental, but Mrs. Stanley was arrested and on preliminary trial was held to the grand jury in a bond of $1,000 pending further investigation.

Uncle Sam Suing Railroad.

Valdosta, Ga., June 22.—The U. S. government Thursday entered suit in the federal court here against the Atlantic Coast Line for $20,000 because of violations of the law requiring trains for interstate transportation to be equipped with safety appliances such as safety brakes and couplings. There are sixteen counts on two cars operated from Waycross into Florida and the papers are very voluminous.

VANDERBILTS ARE IN BIG RAILWAY COUP

Sum of $70,000,000 Is Said to Be Involved.

ENGINEERED IN NEW YORK CITY

Vanderbilts After Securing Lion's Share of Great Traffic Originating in the City of Chicago and Its Vicinity.

Chicago, June 22.—The Record-Herald Friday said:

Final steps are being taken in New York to complete a $70,000,000 railway coup which the Venderbilts have engineered to secure the lion's share of the tremendous traffic which originates in Chicago and the surrounding territory, as well as the great tonnage which passes through and around Chicago.

The culminating financial transaction in this great traffic deal, which William H. Newman, president of all New York Central lines, has been successfully playing in the interests of the Vanderbilts, is the leasing, with right to purchase, of the outer belt line from the Chicago Junction Railway company.

Supplementing this is the leasing for a term of 99 years of a part of the tracks of the Chicago Terminal Transfer Railway company, which forms the connecting link in the complete inner belt railway system which the Vanderbilts are securing.

President John A. Spoor of the belt road, confirmed the lease and declared that before the end of the year, the outer belt line, which his company now owns and operates, would pass entirely into the possession of the New York Central lines.

Another integral part of this great traffic coup which the Vanderbilts have been quietly perfecting for the past five years is the Chicago, Indiana and Southern road, which they have built directly south from Chicago to Danville, where it connects with the Big Four road. It is a part of the comprehensive traffic campaign which they have carefully planned and executed to extend this system straight south to the gulf before the opening of the Panama canal.

Accordingly, when the canal is opened, the New York Central lines will, through the expenditure of at least $125,000,000, and possibly $150,000,000, have the whip-hand over the greatest tonnage producing area in the world.

ACTRESS TIRES OF LIFE.

Took Laudanum and Fought Those Who Tried to Save Her.

Atlanta, June 22.—Tired of life for some reason that she refused to divulge, Miss Margaret Levy, a beautiful young actress of 19 years, swallowed laudanum at her boarding house Thursday morning.

When the Grady ambulance came for her she fought the officials savagely, and begged them to leave her to die. She was compelled to enter the ambulance only after a hard struggle, in which she displayed wonderful strength. Prompt attention at the hospital saved her life, and she asserts that she wil try it again on the first opportunity.

Miss Levy was born in Mexico City and has Spanish blood in her veins. It shows in her coal black hair, brilliant black eyes and soft, olive complexion. She possesses unusual beauty. She is said to have had many admirers here.

Forty-Eight Mutineers Shot.

Kieve, Russia, June 22—The court-martial, convened to try the mutinous sappers at the summer camp at Bielevka, is said to have acted with promptness and severity. It is reported that forty-eight mutineers have already been condemned and shot.

U. S. LAND OFFICE AS AUCTION ROOM

Lively Scene Resembling In Miniature a Stock Exchange.

BIDDERS FOR RIGHT TO ENTER

A Tract of Two Hundred and Forty Acres of Land on Gasparilla Island, Charlotte Harbor, Recently Surveyed and Opened by Government.

There was a lively scene in the United States land office in this city a day or two recently, which resembled for a time a stock exchange on a miniature scale, so far as excitement was concerned.

The occasion of this commotion was an auction sale of right to enter a tract of 240 acres of land on Gasparilla Island, in Charlotte Harbor, near Punta Gorda, which has been but recently surveyed and opened up by the United States Government.

Hon. Henry S. Chubb, register, proved himself upon this occasion an apt auctioneer, and succeeded in getting a good bid.

There were in the neighborhood of fifteen bidders, and the right was knocked down to Hon. John P. Wall of Tampa, representing James M. Gifford of New York. Col. Wall's bid varied from $1.25 to $2.75 per acre, according to the nature of the soil. This does not give the bidder possession of the land, but merely the first opportunity to file entry papers.

This land is of a diversified nature, and is valued at $100 per acre.

A UNIQUE SALE

Will be the Sale of Lots at College Park, When Buyer Fixes Price.

The grand auction sale of lots in College Park, opposite the University, which will be held at an early date, will be unique in the annals of real estate transactions in Gainesville. Every remaining lot in this high-class sub-division will be sold to the highest bidder without any reservations whatever. In other words the public will be given an opportunity to put their own price on these lots and take them.

Usually in a real estate sale the price is fixed by the seller. In this case the price of each lot will be fixed by the buyer. That there will be some rare bargains picked up by those who attend the sale goes without saying.

A large number of out-of-town people will attend the sale.

SERMONETTES

BY J. MARVIN NICHOLS.

Words don't interest me—ideas do.

There is always one by which the rest are measured.

I know some men who have never had any growing pains.

One mate. A mate is—are there just two yous, or twenty?

Some kids are so full of health that it is really painful.

If trouble were a bull you could bet on some men being the red rag.

Is it lucky to be born? Walt Whitman says it is just as lucky to die.

Publicity: The lure that entices the skeletons to stalk out of our closets.

In the turmoil of all the future only the fit will survive. Bear that in mind.

Law, natural or spiritual, never harms the man who lives within its borders.

That man can never be disappointed who looks at the world with the mask torn off.

We'll prate and bluster until we conjure up a new code—the authority of the big stick.

The home, the community, the State, the nation—a nation can never be greater than its homes.

We are wont sometimes to believe that ignorance and innocence are not far removed from one another.

Say what you will, this is an age when we dread the rapacity of man—we fear the filching of our means of life.

A premium is on the head of the fellow that can listen to an opinion opposite to his own without going to pieces.

It's alright for a man to "be crazy" if he'll only keep it private. There is no use trying to get the whole creation over on your side.

Every Man His Own Doctor.

The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect them, as so slight an injury as the scratch of a pin has been known to cause the loss of a limb. Hence every man must, from necessity, be his own doctor for this class of ailments. Success often depends upon prompt treatment, which can only be had when suitable medicines are kept at hand. Chamberlain's remedies have been in the market for many years and enjoy a good reputation.

Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints.

Chamberlain's Cough Remedy for coughs, colds, croup and whooping cough.

Chamberlain's Pain Balm (an antiseptic liniment) for cuts, bruises, burns, sprains, swellings, lame back and rheumatic pains.

Chamberlain's Stomach and Liver Tablets for constipation, biliousness and stomach troubles.

Chamberlain's Salve for diseases of the skin.

One bottle of each of these five preparations costs but $1.25. For sale by all druggists.

Ordinary Dies While Fishing.

Columbus, Ga., June 22.—Judge D. J. Fussell, ordinary of Chattahoochee county, was stricken with apoplexy while fishing at Halloca creek bridge, a few miles from Cusseta, Thursday, and fell into the stream, which was about waist deep. Sheriff Barbeeree, who was with him, sprang in and pulled him out of the water, but when he got him out he was dead. Although he was under the water, it is believed that his death was due to apoplexy rather than drowning. Judge Fussell had been Chattahoochee county's representative in the legislature five years. He was a magistrate at Cusseta thirty years.

SUMMER SCHOOL IS STILL GROWING

Is Gaining Every Day in Attendance and Interest.

MANY COUNTIES REPRESENTED

The East Coast is Well Represented, Considering the Long Distance and Expense of Traveling—Friday Evening Entertainments.

The summer school is gaining every day in members and interest. Nearly all the counties of South Florida are represented in the student body. The East Coast counties, considering the distance and the consequent expense, have sent a large delegation.

We notice on the roll the following names from the East Coast:

Miss Selma Friedland, Miami; Mrs. M. A. Macy, Malabar; Miss Emma O. Helseth, Oslo; Miss Inga Olla Helseth, Oslo; Miss Barbara Miller, Eden; Miss Bessie Russell, Lemon City; Miss Louise King, Ft. Lauderdale; Miss Una Kate Miller, Eden; Mr. Edwin E. Macy, Malabar.

Friday evening entertainments will be given during the session of the school.

The Bible conference committee have kindly tendered the use of the Tabernacle for this purpose, and Geo. I. Doig, manager of the Gainesville Gas and Electric Power Company, has generously offered to put in the transformers and wires for the current at either the Tabernacle or the public school auditorium, as may be desired.

Historical Meeting.

The historical meeting of Kirby Smith Chapter, U. D. C., which was held at the home of the historian, Mrs. H. H. McCreary, Friday afternoon, was well attended and, as usual with such occasions, highly instructive and enjoyable.

The program was a most interesting one.

The Chapter was honored by the presence of Mrs. J. M. Shelton, a member of the Lake City Chapter, and her charming daughter, Miss Idel. The latter favored the meeting with a recitation, "The Tiger Lily Racer," which was greatly enjoyed.

While the New York Life Insurance Company is preparing to withdraw from Texas because of that State's recently enacted law requiring that 75 per cent of the reserve held against policies issued there must be invested in the State, says The New York Commercial, President Morton of the Equitable defines a different attitude by his society toward such legislation. Similar bills are pending in Missouri and Arkansas, but he shows that the fact holds out no menace to the Equitable, for already it has more than the entire reserve on policies issued in all three of these States invested in their securities. In the case of Texas, for instance, the society's reserve against the policies issued on the lives of Texans is $7,290,000, while the Equitable has $10,958,000 invested in Texas securities or mortgages. It is objected, however, by some of the Western States wherein President Morton shows investments in excess of reserves that the society cannot include investments in the securities of railroad companies whose lines pass through and serve the people of these States. "In my opinion," he replies, "there is no other way by which the society can invest its funds so as generally to satisfy the policy-holders in the several States better than by furnishing the money for adequate transportation facilities." Which is eminently true. And the bonds of a railroad company, say, with only 60 per cent of its mileage within the State of Vermont, but with its home office in Boston, would for all practical purposes constitute a Vermont investment. Still, the wisdom of State restriction of the investments of outside insurance companies may well be questioned. The better plan, it would appear, is to permit the utmost freedom of judgment to their investing officers. They are responsible to the directors who, in turn, are responsible to the stockholders or policy-holders or both, and they are bound to purchase only the safest and most profitable securities.

The Orlando Daily Reporter-Star says it is suggested that the candidates for United States Senator, for Governor, for Congress, for the various cabinet offices and all minor State positions, have a "Coming Out Party" in Ocala in the early fall. A big barbecue and basket picnic and general good time will be the result and the affair promises to be one of the most unique in history. And how nice it will be for the blushing candidate to be led forth in low neck and short sleeves before the gaping crowds. And after they have made their debut they can be placed in separate stalls marked Exhibit A, and Exhibit B, and the vast throng can pass along the cages and pick the winners. And all the editors can hold the left hand behind the back as they pass the candidates, which means "itching palms," a great game when it is played right. O, yes, have the "Coming Out Party" by all means.

Col. T. J. Laud Brown, of Tampa fair fame, has positively announced his candidacy for United States Senator to succeed Senator Mallory. This is taken to mean that Congressman Sparkman will not enter the race.

BLIND TIGER MUST GO.

Following is the new law relating to the sale of intoxicating liquors in dry counties, which was introduced by Mr. Faulkner of Taylor county:

Section 1. Whosoever in any county or precinct wherein the sale of intoxicating liquor is unlawful, or in any precinct wherein there is no licensed saloon for the sale of such liquor, shall be found in any public place in a state of intoxication or boisterous, or in any way under the influence of intoxicating liquor, so that he does not behave in a natural manner, shall be taken in charge by any officer having the authority to make arrests and detained in custody until sober, and shall then be taken before the county judge, or the nearest justice of the peace, in order that he may be required to disclose from whom he purchased such intoxicating liquor.

Section 2. When such person is brought before the county judge or justice of the peace the said magistrate shall require him to testify under oath as to where, when and from whom he purchased such intoxicating liquor, and upon his refusal to testify at all, or upon his testifying in such a manner as to lead the court to believe that his testimony is evasive or false, the magistrate, after warning, without effect, shall adjudge him to be in contempt of court, and shall punish such contempt of court by imprisonment in the county jail not exceeding twenty days, or by fine not exceeding fifty dollars ($50), or by both such fine and imprisonment.

Section 3. If upon the examination mentioned in section 2 the person brought before the magistrate shall disclose the name of the person from whom he purchased such intoxicating liquors, and the place and date of purchase, and testify in such a manner as to lead the magistrate to believe that the testimony is probably true, the magistrate shall then and there reduce, or cause to be reduced, the said testimony to writing and have said person sign it, and verify it by affidavit taken and certified by the said magistrate. If such person shall refuse to sign and swear to the said testimony when reduced to writing, the said magistrate shall attach his certificate under his official seal that the said testimony was taken before him under oath on the date thereof.

Section 4. If the said testimony reduced to writing shall show that any person has illegally sold intoxicating liquors in the county the magistrate shall issue his warrant for the arrest of such person on a charge of selling intoxicating liquor where the same is prohibited by law, or of selling such intoxicating liquor without a license, as the case may be, to be brought before him for proceedings as in other cases. If the examination aforesaid be taken before a justice of the peace and the sale appears to have been made outside his justice district, his warrant shall nevertheless run throughout the county.

Section 5. The person disclosing name of the vendor shall be brought before the magistrate to testify at the preliminary hearing of the party arrested, and if his testimony does not agree in any material with his previous written testimony, he shall be held on a charge of perjury.

Section 6. Any testimony given under this act by any person taken in charge as provided in section 1 shall not be used against him on charge of drunkenness.

Section 7. All costs incurred under this act shall be paid as in other criminal proceedings for examination and commitment.

Section 8. All laws in conflict herewith are hereby repealed.

Section 9. This act shall take effect immediately upon its becoming a law.

The Gainesville ministers are cooperating in an effort to have the merchants in that city close up their stores on Saturday nights at 10 o'clock so that employers and employes alike may get a much-needed rest after a busy day and be in a more thankful frame of mind Sunday morning. The ministers justify their efforts in this direction by the statement that the truest test of Christianity is practical helpfulness, a proposition not to be disputed.—Live Oak Democrat.

THE POCKET SAVINGS BANK EPIDEMIC RAGES FIERCELY ....IN GAINESVILLE....

Beneficent epidemics are scarce, but such a one has struck Gainesville, and people of every station and occupation have the fever.

It is most interesting and instructive to study the constantly changing line of applicants for Pocket Banks as it files through The Sun's business office. There is the mother, bringing her daughter with her and securing a bank for the girl, another for herself, and inquiring anxiously whether she may have another for the boy who is at work. She receives it promptly.

Boys come—some are steady, serious-faced chaps who have begun to think on their own account, and who ask questions about the operation of the scheme which show the results of rubbing up against the world.

Then the High School girls and boys, gay and active, while the workman and business man "slip in" during the noon hour to get a bank for the boy or girl at home, after asking one or two leading questions to make sure there is no joke about the 25 cents.

.....THE PLAN IN OUTLINE.....

PHIFER BROS., BANKERS

Ward claimed that he had promised his wife on her death bed that he would marry the woman the next day, she having nursed his wife through her illness.

S.S.S. GREATEST OF ALL TONICS

Everyone should take a tonic in the Spring; their systems require it. The blood has become thick and sluggish with the accumulations left in the system from breathing the impure air of closed rooms and overheated buildings; the heavy, rich foods of the Winter season, etc., and when this vital fluid is aroused and stirred to quicker action by the return of warmer weather, these waste matters and poisons are distributed through the circulation, to act depressingly and injuriously on the system. The blood being in this unnatural and impure condition is unable to furnish the body with the proper amount of nourishment and strength, and the system suffers from debility, weakness, nervousness, indigestion, loss of appetite, and many other unpleasant symptoms of a disordered blood circulation.

The depleted system must have assistance; it needs a tonic and it is important that the proper one be selected. When the health is in this disordered condition it is not safe to take unknown concoctions, sarsaparillas, etc., because they usually contain potash or other strong mineral ingredients which act unfavorably and often dangerously on the run-down, weakened system, at a time when it needs gentle and natural stimulation to throw off the impurities and recuperate its lost energy. A great deal is being said these days about living close to nature, and it is more applicable to medicines, perhaps, than anything else. Nature has provided a remedy for all the ills of mankind, and medicines made from nature's vegetation act better in every way than do the strong mineral mixtures which are the products of the chemist's or apothecary's shop.

Your S. S. S., in my opinion, is as good a medicine as can be had; it simply cannot be improved upon as a remedy to purify and enrich the blood and to invigorate and tone up the system. This spring my blood was bad and I was run down in health, and having seen your medicine highly advertised I commenced its use. To-day my blood is in fine condition and my general health is of the best. Am filling position as fireman for a large concern here, and if I was not in good physical condition it would be impossible for me to fill the place. Your S. S. S. has been of great service to me and I do not hesitate to give it the credit it deserves. WM. F. VAN DYKE.
815 Fifth St., Beaver Falls, Penn.

The greatest of all tonics is S. S. S. It is made entirely of the roots, herbs and barks of the forests and fields, selected for their purifying and health restoring qualities; and as it does not contain the slightest trace of mineral in any form it is especially adapted for a systemic remedy, one that is absolutely safe for young or old. S. S. S. acts directly on the blood, ridding it of any and all impurities and poisons, and restoring the lost properties of rich, nutritive strength so that it is enabled to supply to the system the heathful, invigorating energy needed to pass this trying season of the year. Its action is the most prompt, pleasant and satisfactory of all tonics and blood purifiers, and those who are beginning to feel the need of a medicine to fortify the system against the unpleasant conditions that come with Spring, will do well to commence its use at once. It will not only tone up the system, but will remove any taint or humor that may be in the blood and thus prevent an outbreak of Eczema, Tetter, Salt Rheum or other rash or eruption of the skin. S. S. S. restores lost energy, relieves that all worn out, tired feeling, quiets the nerves, helps the appetite and imparts a relish for food, and in every way adds tone and vigor to the entire system, and prepares it for the depressing Summer months that are to follow.

$1,000 FOR PROOF THAT S. S. S. IS NOT PURELY VEGETABLE

In selecting your tonic for this year do not be led into believing that others are "just as good," but get S. S. S., THE GREATEST OF ALL TONICS, and one that for more than forty years has been recognized as such. It is Nature's tonic, absolutely pure and safe, and reliable in every way. S. S. S. is for sale at all first-class drug stores.

Argo Red Salmon is an ideal food. Thompson's Dietetics, one of the standard works on foods, gives Scammell's tables as follows: The per cent of muscle building-material in beef is 19 per cent, eggs 13 per cent, Salmon 20 per cent. As a brain food, beef 2 per cent, eggs (white) 2⅛ per cent, (yolk) 2 per cent, Salmon 6 and 7 per cent.
